Name: __________________________

email: __________________________

Department/Degree Sought (e.g., PhD in CS): __________________________

Semester/Year started at TAMU (e.g., Fall 2010): __________________________

Advisor: __________________________

Research Interests/Area (very brief description):

**Yes or No:** You have taken an undergraduate algorithms course (CSCE 221, 311, 411, or equivalent)

**Yes or No:** You have taken a graduate architecture course (CSCE 614, or equivalent)

**Yes or No:** You have programmed a parallel machine before.

**Motivation/Suggestions.** Please write a few sentences about why you are taking this class and what you hope to get out of it. There is some flexibility in the material for this class, and I’m open to suggestions—so let me know if there is some topic you would like us to cover (no promises, though). Use the back if necessary.
